

## Product End-of-Life Notification Letter

To: All Novanta IMS Customers

Date: March 7, 2022

Affected Products: All NEMA 34 MDI/MDM Products utilizing 240 VAC input voltage

Effective Date: June 30, 2022

Device Identification:

All legacy MDrive Plus 240 VAC NEMA 34 products. *A list of product part numbers is included at the end of this notification letter, however, not every affected part number is detailed. Please direct specific part number inquiries to your Regional Sales Manager.*

Description & Purpose:

End of life for critical components for use with the 240 VAC version of the MDrive NEMA 34 AC products has resulted in the decision to discontinue the product itself.

Recommended Action:

Please review any applications which may be using one of the affected products, and direct specific part number inquiries to your Regional Sales Manager for answers or replacement product recommendations. Again, a product part number list is included at the end of this notification letter, but not every affected part number is detailed. Thank you for your continued support and please do not hesitate to contact us with any additional questions.

Sincerely,

A handwritten signature in grey ink, appearing to read "Ryan Groft".

Ryan Groft

Customer Operations Manager

Novanta IMS
